Highlands and Islands Enterprise
Iomairt na Gàidhealtachd 's nan Eilean

A scenic landscape of the Scottish Highlands. The foreground shows a winding asphalt road with a white guardrail, curving through a valley. The hills are covered in a mix of green and brown vegetation, with some rocky outcrops. In the distance, a small lake is visible. The sky is filled with large, white clouds, and the overall lighting suggests a bright, sunny day.

Highland Quality Healthcare: Delivering a fairer, healthier Scotland

NHS
Highland

A landscape photograph showing a wide, green valley. In the foreground, there is a small, simple stone building with a pitched roof, possibly a traditional structure. The valley floor is covered in lush green grass, with some darker patches of earth or stone visible. In the background, rolling hills rise under a heavy, dark, and cloudy sky. The overall mood is somber and historical.

History more important than geography

*Putting quality first to deliver
Better health, Better care and Better value*

Sustainability is key

Today brings together our public sector partners, international NGO's, some of the region's most innovative businesses from varied and different sectors, students and academic and research staff from our region's university and others who have an interest in sustainability and also our region.

Critical that we work in partnership
to drive the research, innovation &
enterprise agendas

Take a leadership role:

Talk, share and create solutions in this space today

We can deliver an even greener,
healthier and more resilient
Highlands and Islands with your help

Protecting their future

Thank you!
